**Increase your Technology Skills**

**FREE Digital Literacy Classes**

The Department of Senior Affairs in partnership with Adelante DiverseIT is excited to offer a series of FREE digital literacy group classes designed to teach the benefits of technology. Reserve a spot in our computer lab or bring your own laptop, smartphone or tablet. One on one mentoring for personal devices will be available.

**Space is limited, registration required.**

**GONE PHISHING: Avoiding Scams**

Learn to better protect yourself on the internet, including how to spot scams, phishing emails, and fraud. Older adults are often targeted for scams, but this class will give you some tools to protect your computer and your personal information while you're online.

**Fact vs. Fiction: What's Real on the Internet?**

Whether you're looking at a website, a photo, video, or a news story, what really matters is whether or not it is trustworthy. Learn how to spot unreliable sources, fake pages and profiles to avoid sharing misinformation.
